Meal Pick Up

Meals are ready to pick up at 11am. For pickup, (**red arrow**) enter the center access driveway (north of the stoplight). Go under the canopy protecting the customer pick-up area (yellow star). The food will be parked near ABT's recycling truck, straight ahead as you complete the left turn through the pickup area. Look for the Open Kitchens van. Please arrive promptly at 11 am. Timeliness is critical, as the truck will be leaving at 11:15 to make further deliveries.

The dormer area is a drive-through/pickup point. This is where our drivers could pause while waiting for their turn at the truck. It's all under the roof; entry is from behind the hedge where you can see a white car parked at an angle
